BUDGET INFORMATION REQUEST (BIR) - Planned Projects or Roads for ENG 001, 002, 003, 004

Requested by: Councillor Hughes

Date of Request: May 13, 2025

Date Response Due: June 13, 2025

Confidential: No

QUESTION

Please provide a list of the currently planned projects or roads for Eng 001, Eng 002, Eng 003 and Eng 004.

RESPONSE

Planned annual road RMR work is completed through funding within four (4) separate project charters, three (3) of which represent a classification of roadway for work occurring and one focused on a dedicated treatment of extensive reconstruction.

The two (2) attachments to this report share the planned candidate roadways of the full 2026 RMR programs for charters ENGS-001 to ENGS-004 (inclusive).

Attachments include:

- 1) A map identifying locations of the 2026 roadway programs for each charter (all shown together).
- 2) A table to supplement the map that identifies the charter, classification of roadway and road and segment of planned work.

It is important to note that:

- 1) Each program may follow a typical process; as an example, a neighbourhood roadway (Collector or Local) may have concrete work (sidewalk and curb and gutter) performed within a planned "year 1" project delivery and road repair work performed in "year 2".
- 2) The list of road candidates is based on various criteria established and shared within the Charter(s); the priority and resulting annual program may change based upon emergent conditions of roadway network demands, received construction tender pricing or conflict with other capital projects (emergent conditions).

- 3) An effort has been made to coordinate RMR programming with planned capital improvements. As an example, 2026 RMR roadwork at the intersection of Boudreau Road at Campbell Road is planned in coordination with intersection improvements with requested funding in charter ENGS-054: Transportation Network Improvements.

2026 Road Candidates

2026 Road Candidates

- Concrete Only
- Mill + Inlay 50mm + Concrete
- Reconstruct
- Road Only - M&F

- ENG-001 Arterial Roadway
- ENG-002 Collector Roadway
- ENG-003 Local Roadway
- ENG-004 Road Rehabilitation

2026 RMR Road Charters and Candidates Road Repair Sites

Table 1.0: 2026 RMR Road Candidates and Charter Funding

Charter	Road Class	Road Candidate	Road Segment
ENG-001	Arterial	Boudreau Road	St Albert Trail to Bellerose Drive
		Boudreau Road	Campbell Road Intersection
		Gervais Road	St Albert Trail to Levasseur Road
ENG-002	Collector	Oakmont Drive	Bellerose Drive to Oak Vista Drive
		Oakridge Drive N	Oakmont Drive S to Oakmont Drive N
		Madonna Drive	Mission Avenue to St Vital Avenue
		Oakland Way	Oakridge Drive N to Bellerose Drive
ENG-003	Local	Geneva Crescent	
		Gladstone Crescent	
		Granada Place	
		Grantham Place	
		Greenwich Crescent	
		Madison Avenue	Muir Drive to Madonna Drive
		Maple Drive	All
		Oakdale Place	Oakmont Drive (N) to Oakmont Dr (S)
		Olmstead Court	All
		Olympia Court	All
		Orchid Place	All

		Oriole Court	All
		Oxford Place	All
		Wentworth Crescent	Willoughby Drive N to Willoughby Drive S
		Westview Place	All
		Whitehall Crescent	Wakefield Boulevard East to West
		Whitman Place	All
		Wimbledon Crescent	Willoughby Drive to Woodlands Road
		Windermere Crescent	Wimbledon Crescent N to S
		Woodlands Close	All
		Wycliffe Place	All
ENG-004	Reconstruction	Hebert Road	Sunset Boulevard to Akins Drive
