BUDGET INFORMATION REQUEST (BIR) - Planned Projects for Lane Rehabilitation (ENG-017)

Requested by: Councillor Hughes

Date of Request: May 13, 2025

Date Response Due: June 13, 2025

Confidential: No

QUESTION

Please provide a description or a highlighted map area of the projects planned for 2025 and 2026 for Eng-017, lane rehabilitation.

RESPONSE

Please find attached to this response a map showing planned back lane work through the RMR Back Lane program (ENG-017) for the years 2025 - 2027 (Inclusive).

- 2025 and 2026 back lane programs target completion of lanes within the community of Mission. The locations are in progress of being coordinated with 3rd party utility stakeholders such as ATCO and at the time of this response are on schedule for completion.
- The 2027 back lane program targets completion of laneway servicing the downtown St Albert Place parking lot (laneway from St Anne Street and St Thomas Street through the parking lot north-south on the parking lot's east side).
