BUDGET INFORMATION REQUEST (BIR) - COSA Communications Support for Library Events (2024-2026)
Requested by: Councillor Biermanski
Date of Request: October 24, 2026
Date Response Due: October 30, 2026
Confidential: No

QUESTION

How many COSA communications hours have been provided for Library event communications 2024 -2026?

RESPONSE

The City of St. Albert does not provide communication for event, programs, or activities independently hosted by St. Albert Public Library.

Where the Library participates in or contributes to a City-led event, communications may be provided for the City event as a whole. In these instances, such as Children's Festival, the Festival and Events Coordinator would work with participating organizations and artists, to coordinate event-related information and provide event-specific content to Corporate Communication and Public Affairs for developing and delivering public-facing marketing and communication.

Any such support is limited to the promotion and communication of the City-led event.
